

Grotefeld Hoffmann

Press Release

May 1, 2023 – Grotefeld Hoffmann is pleased to announce that Adam M. Romney has joined the firm as a partner in the firm’s Los Angeles office. Mr. Romney is an experienced subrogation attorney whose practice focuses primarily on wildland fires and other catastrophic losses.

As career high-stakes litigator, Mr. Romney has extensive cross-disciplinary experience in developing complex and novel legal theories across a broad array of practice areas. Before focusing his practice on subrogation, he worked in Silicon Valley defending large corporate clients in securities litigation matters, national security contracting disputes, and litigation against international institutions. Drawing from this broad base of experience, Mr. Romney approaches new legal problems from an unusual perspective and often perceives legal avenues that would remain otherwise invisible.

Mr. Romney is also the co-founder and president of United Ukraine: a charity focusing on direct support for civilians adversely impacted by the war in Ukraine.

Mr. Romney is licensed to practice in both state and federal courts in California and Arizona. He received his B.A. from Emory University and his law degree from Vanderbilt Law School.
